

# Bring joy into the work you do...

It's time for the 9<sup>th</sup> Annual Parenting Educator Celebration! This year's event will be held at the Fireside Conference Room on the LBCC Campus, and we will be offering a networking lunch from 12-1:00pm, and then from 1-3:00pm a pair of keynote speakers will address us. This event is open to all community partners who work with families in our region.

## Our Keynote Speakers:

Claire Davis and Pamela Evanston from Parenting Now! will be speaking to us about new ideas and creative ways to bring joy into the work you do with the families that you support.

You will:

- Explore the benefits of using warm-ups and fun activities;
- Share and experience fun activities to use in parenting groups and home visits;
- Deepen your understanding of how using fun activities in parenting education can enhance and support the parent-child relationship, healthy child development, and protective factors for families;
- And have fun!
